Have joined forces on the Lower Rogue River.

The Rogue River Canyon was set aside by the federal government in 1968 as a part of the National Wild and Scenic River system and Rogue River National Forest. Rogue Jets Inc. and Rogue Mail Boats Service Inc. have been allocated Special Use Permits issued by the US Forest Service to operate in this protected wilderness area. Our modern vessels are specially designed for the Rogue River and each of our twelve vessels and pilots are US Coast Guard Certified. Your comfort and safety are our concern on this beautiful and exciting river trip. If you have medical concerns or problems please feel free to discuss with our office staff prior to your departure. We have three different river tour schedules that can be accommodated to fit your special needs.

The Rogue River Mail Boats (established 1895) and Jerry's Rogue Jets (established 1958) are the original Rogue River Jet Boat Tours. We operate in the most rugged section of the Wild and Scenic Rogue River. No other trips compare to the scenic beauty, Pacific coastal estuary, abundant wildlife and pristine wilderness of our trips.
